

Native Plant Salvages!

Dig in with other volunteers digging up trees and shrubs from a site scheduled for new homes. In the afternoon, we'll be potting up the salvaged plants so they can recuperate before going to King County habitat restoration sites. Once replanted, these native plants will help reduce erosion, shade streams and provide habitat. Quadrant Homes has generously provided the salvage sites.

**When: Saturday, Feb. 5 and
Saturday, Mar. 5, 2005**

Where: Trilogy near Redmond.

Time: Salvage 9:00 AM to 12:30 PM. Potting from 12:30 until 4:00 PM at Holding Facility (see back).
